Frequently Asked Questions

What dates of playtime are included?

Steam Year In Review 2023 includes all of your play time between the first second of January 1 and the last second of December 14 (GMT).

Does Steam Year In Review include offline time?

No, Steam Year In Review does not include any playtime played in offline mode or when disconnected from internet.

Does Steam Year In Review include all types of apps?

Steam Year In Review excludes time spent running tools and other types of non-game software. It also excludes games that are unreleased, in preload, in prelease, or disabled.

How do I share Steam Year In Review with my friends?

There are three ways you can share your Steam Year In Review:

1. Share your entire Steam Year In Review page by switching the visibility to 'friends only' or 'public' and sharing the URL with others. You can access this functionality from the 'share' button at the very top of this page, or just above here.
2. Share a special summary image by clicking the share button at the top of the page or just above here. That will open a window that lets you download or directly share summary images. Note that there are three different sizes of image – choose the right one for the social platform to which you intend to share.
3. Add a special showcase to your Steam Profile. Click the 'Add Profile Showcase' button above and select 'Steam Year In Review' from the drop-down in your showcase editor.

How does Steam Year In Review differentiate 'Keyboard + Mouse' and 'Controller playtime?

'Keyboard + Mouse' denotes playtime on PC, Mac, or Linux without an active Controller being used.

'Controller' denotes playtime with an active Controller being used, or playtime on a Steam Deck.
